

2.6. Rate dependent advanced IAB in different ECG

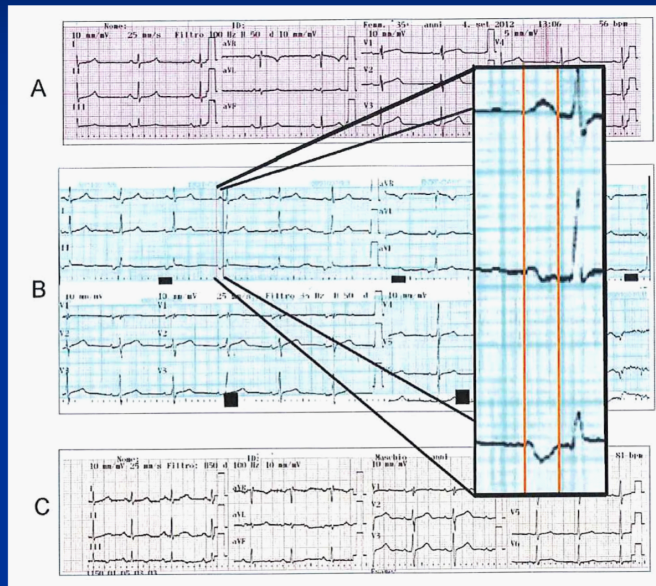

Intermittent advanced IAB after premature complex A type of atrial aberrancy

- A. Second degree IAB. A type of atrial aberrancy
- B. Atrial aberrancy without morphology of IAB

2.6. Intermittent (second degree) advanced IAB

Not rate dependent advanced IAB in different ECGs

Marano M. et al. 2014

Not rate dependent advanced IAB in the same ECG
